

UCSB Early Childhood Care & Education Services Waitlist

HOW DOES IT WORK?

Step-by-step Process

- Family turns in waitlist form by hand or by mail. Priority Date is envelope post-mark date or the day it is turned into the office.
- Remains on waitlist until space becomes available for the child's age group and university affiliation.
- Once offered a space, **we prefer that you let us know as soon as possible – up to five business days** whether or not you would like the spot before moving onto next child on the waitlist.

Priority

1st Priority

Student & Fac/Staff families with sibling currently enrolled.
 ECCES Staff

2nd Priority

New Student & Fac/Staff Families
 Try to keep 50% student families and 50% fac/staff families. This is what determines which list we start with when calling for an open spot.
 Included on fac/staff list are visiting faculty & scholars, they however pay community rates.
 Post Docs receive fac/staff priority as well as rates.

3rd Priority

Community Siblings

4th Priority
